

## Going Global: Literacy Logic Students in Switzerland Accepted Into Accelerated Math and Reading Program at Primarschule Talhof-Erlen

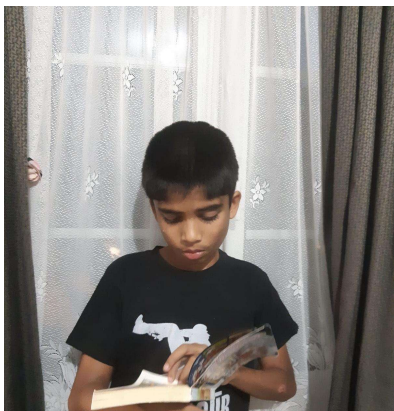

Studies have shown that test scores in reading are very low among Switzerland students. According to the Federation of Swiss Teachers data, students did well in math and science but said that the results for reading were “less than satisfactory”. Jason Mathuranayagam and Jeremy Mathuranayagam, students in the Literacy Logic’s Rocket Reader Program and Accelerated Math Program have been placed in advanced Math and Reading classes this year at Primarschule Talhof-Erlen in Winterthur, Switzerland. Jason- 2nd grade and Jeremy- 4<sup>th</sup> grade joined the Rocket Reading/Accelerated Math Program in June 2020.

Jason and Jeremy receive tutoring on a virtual platform with Briana Young, CEO and Founder of Literacy Logic, to develop their skills in reading and math. The Rocket Reader program helped build their foundational skills in reading and math. Jason and Jeremy is from an ESL community. Jason and Jeremy speaks three languages (German, French, Sindhi). The primary language in his home is Sindhi. They wanted to start learning English as a fourth language. Due to their dedication in studying English language in the Rocket Reader Program they are able to speak the language, write, read intermediate to advance STEM articles fluently, write expository and persuasive essay. Jason and Jeremy also build their foundational math skills. They started to excel at word problems, fractions, geometry, and pre-algebra.

Jason Mathuranayagam, 5th grade practicing reading comprehension

Jason and Jeremy scored top of their class in each of the core subjects. The Switzerland education grading scale ranges from 0-6. The number six is the highest score you can receive in class which is equivalent to a 4.0 gpa on an American grading scale. Jason received a scale score of six on Math and English language and Jeremy received a mix of 5.7 in math and score of six in his English class

To enroll your child in the Literacy Logic Rocket Reader program please send an email request with your child’s name and grade to [literacylogic@gmail.com](mailto:literacylogic@gmail.com) or call 313-549-1975.
