

Literacy Logic Program Student Success Highlights

School Year 2023-2024

Rebeca Arcas, a 2nd grader at [Dover Shores Elementary School](#) in Orlando, Florida scored a level 4 in [FAST Test Score Range Sheet](#) both math and reading on FAST reading and math test. The foundational/emerging reading curriculum helped develop Rebeca reading skills to build strong vocabulary and reading comprehension skills. Rebeca loves to learn and her favorite subject is reading.

Angely Olivia- a 2nd grader at [Dover Shores Elementary School](#) in Orlando, Florida scored a level 4 in [FAST Test Score Range Sheet](#) math on FAST test. Using the rigorous math foundation and mathematical problem solving curriculum that help Angely excel on the standardized test.

Arianna Espana, a third grader at [Dover Shores Elementary School](#) in Orlando, Florida scored a level 4 in [FAST Test Score Range Sheet](#) reading on FAST test. Using the rigorous focus reading and test-taking strategies curriculum for third grade that helped Ariana excel on the standardized test.

Ameir Dushing, a fourth grader at [Dorothy C York Innovation Academy](#) in Apollo Beach, Florida scored a level 4 [FAST Test Score Range Sheet](#) on the FAST Reading Test. Ameir showed a lot of dedication and wanted to become better. Using the rigorous reading and test-taking strategies curriculum for third and fourth grade, helped Ameir excel on the standardized test.

Ahdriana Dushing, a 1st grader at [Dorothy C York Innovation Academy](#) in Apollo Beach, Florida scored a level 4 [FAST Test Score Range Sheet](#) on the FAST Math Test. Adrianna loves to learn and be the best at everything. She took her time, followed the steps of the foundation math curriculum and became mastery in math.

Legacy Achievements

Jeremy Mathuranayagam, a 5th grader at [Primarschule Talhof-Erlen](#) in Winterthur, Switzerland has been accepted into the [Kantonsschule Rychenberg](#) a top prestigious baccalaureate vocational school in Canton of Zurich.

Amelia Hardy, a kindergarten student at [American Montessori Academy](#) in Livonia, Michigan excelled in NWEA reading and math tests. She was recognized by her school for excelling in math and reading.

Camden Hardy, a second grader at [American Montessori Academy](#) in Livonia, Michigan excelled in NWEA reading and math tests. He was recognized by his school for excelling. Camden has been a part of the Literacy Logic program since the 1st grade.

Talia Tademy, a third grader at [Sun Blaze Elementary School](#) in Orlando, Florida was a student in the Literacy Logic Program. She struggled in reading and was recognized by the students and administration staff for the GRIT (Growth, Resilience, Initiative, and Tenacity) award for her improvement in reading. Talia was a part of the Literacy Logic program for a year and a half.

Camilia Rincon, a 1st grader at [Renaissance Charter School Hunter's Creek](#) in Orlando, Florida is an English Language Learner who did not speak any English before starting in the program. After working with the Literacy Logic program using our ESL reading curriculum, she scored a level 4 on the FAST Exam.

Diana Giusti, a 1st grader at [Renaissance Charter School Hunter's Creek](#) Orlando, Florida is an English Language Learner who did not speak any English before starting in the program. After working with the Literacy Logic program using our ESL reading curriculum, she scored a level 4 on the Star Renaissance Exam.
